I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Now that there is money to be made you have suddenly become interested, why am I not surprised? The services provided to me by the specialty pharmacies is immeasurable. My compounded medication relieves the monthly stress and agony caused by my serious PMS symptoms. The quality of my life (and that of my family) has increased tenfold. Back off. I'm sure every one of you has a mother, daughter, sister, sister-in-law, Grandmother. Your love of your family (and "families" in general) should lead you to make the correct decision. Greed is not the answer. c2430
